**Industry**  
Retail

**Location**

United States

**Employees**  
~15,000

**Function**

All functions

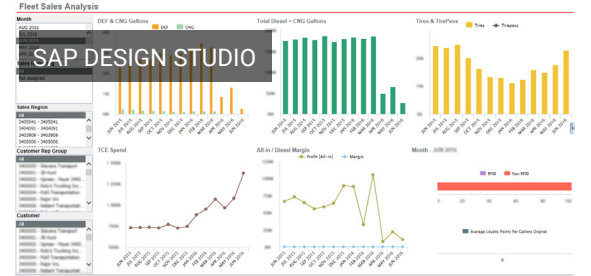

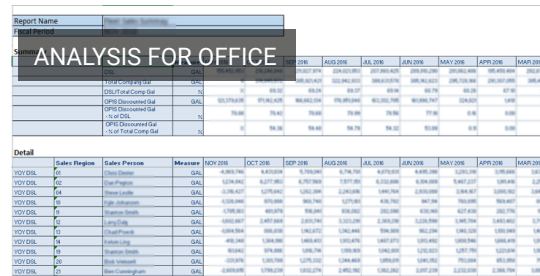

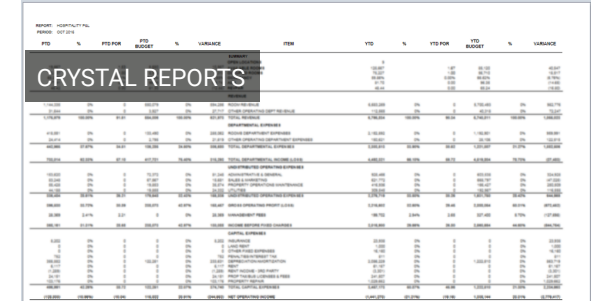

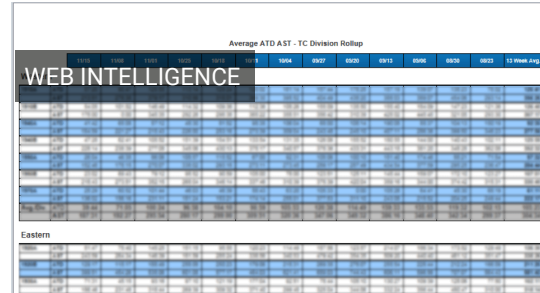

**Challenges**

BI Implementation & BI Managed Services

**Solutions**

- BI Strategy
- Managed BI Services
- BI Installation & Configuration
- BI Support & Maintenance
- SAP BW on HANA
- SAP HANA Modeling
- Web Intelligence
- Analysis for Office
- Crystal Reports
- Custom Extensions (VBX)
- SAP Lumira Training

Worked as a virtual extension of customer's BI team and led multiple initiatives

- Set up, installed & configured BW, BOBJ, HANA & BPC landscapes; led the development, enhancements, support & maintenance of reports across these landscapes
- Implemented an agile EDW & reporting architecture using SAP BW, SAP BusinessObjects and SAP HANA that effectively handled a combination of SAP and non-SAP data
- Implemented OTC reporting which helped replace legacy fleet management & billing solution
- Delivered dashboards and reports leveraging Analysis for Office, SAP Design Studio, Web Intelligence & Crystal Reports
- Managed and delivered ad-hoc needs such as SAP Lumira Training
- Delivered reporting & visualization Proof Of Concepts on areas such as Tableau integration with SAP BI
